The News from the Seat of War.

By the arrival of the mail steamer yesterday we have despatches from the seat of war to the 18th inst., but beyond the usual amount of guerrilla fighting and the extensive preparations going on for the prosecution of the war, there is but little of interest to lay before our readers. Such as it is we make a short but comprehensive summary. All is quiet in front of Richmond. The Federals are making great preparations for an advance. Gen. Curtis is advancing on Little Rock, Ark. He has been victorious in several fights and taken Helena, a small country town. The rebels are taking advantage of the absence of any very large force of U. S. troops in northern Tennessee, have taken Murfreesboro' and are advancing on Nashville. In Kentucky the guerrilla bands are playing sad havoc with loyal country people. Reinforcements are daily reaching McClellan, and James River is covered with Federal transports. Buell's army of 30,000 are supposed to be advancing on Rome, Georgia.

It is reported that Com. Farragut has confiscated, by order of Gen. Butler, 3,000 slaves employed on the Vicksburg Canal.

New Orleans advices state that Governor Moore of Louisiana, has issued a proclamation urging the destruction of steamers, rather than allow them to fall into our hands. He eulogised Mumford, who was executed by Butler for hauling down the American flag, as a martyr, and says the Southern independence is certain. He had removed the capital to Opelousas. But few cases of yellow fever have occurred.

A Federal prisoner, escaped from Richmond, estimates the number of the rebel troops previous to the recent battles at 220,000. Large reinforcements from the direction of Petersburg had been arriving for the previous ten days, which were said to be from the coast. Beauregard has been very sick at Richmond for several weeks.

A gunboat on the plan of the Merrimac, though smaller, is rapidly approaching completion at Richmond. Some difficulty is experienced in obtaining iron for the armor. The obstructions in the James River are considerably weakened by the recent freshets. Fort Darling has been greatly strengthened. The whole division of the army crossed James River to assist in its defence against the army of the Federal land forces. Gen. Jackson's forces had moved in the direction of Fredericksburg, and the greatest confidence is felt in Richmond among the rebels in their ability to destroy McClellan's army. Those who had sent their families away were bringing them back, but Union men were confidently secure in the city. The 23 cannon captured by the rebels in the recent battles were all light pieces.

Halleck is still "resting" at Corinth.

In the House, the Select Committee on Gradual Emancipation and the President's Message, reported a bill that whenever the President shall be satisfied that Maryland, Delaware, Kentucky, Tennessee or Missouri has adopted measures for the emancipation of the slaves throughout either or all of these States, the President and Secretary of the Treasury shall deliver to such State bonds equal in valuation to the slaves according to the census of 1860, *provided that no compensation shall be made to any State which has aided the present rebellion.* The bonds to be delivered are not to exceed the aggregate of $180,000,000. For the purpose of settling slaves beyond the limits of the United States, the sum of $20,000 is appropriated to be expended in colonization, at the discretion of the President. This act not to compel any State to pass a law of emancipation within five years. The bill also provides for complete emancipation within twenty years. The State receiving bonds and afterwards tolerating slavery shall refund all principal and interest. The bill was referred to the Committee of the Whole on the state of the Union.

The British steamer Ann has just arrived at New York as a prize. She was discovered under the guns of Fort Morgan, in Mobile Bay, unloading cannon and gunpowder. The Susquehanna and the gunboat Kanawha sailed into the bay. The former engaged the forts, while the latter succeeded in cutting out the British neutral vessel. The crew of the Ann deserted, after trying to sink her cargo, consisting of gunpowder, arms, cartridges, &c.

It is rumored that Jackson has returned to Shenandoah Valley.

Cotton buying is still going on in Mississippi. The Confiscation Bill has passed both Houses of Congress. The British steamer Emily has been captured off Bull Bay, S. C. It is reported that the rebels have captured Baton Rouge, Sa., from the Federals. The water has been let in to the artificial canal at Vicksburg, but has not had the desired effect. The bombardment of the town continues.

The Senate has passed a drafting bill, by which the President is authorized to call out the entire militia of the country for a period not exceeding nine months. The bill also provides for the use of the slaves of rebels in the army, and giving them freedom in consideration of their services. The House passed a bill abolishing Congressional mileage and extending its provisions to the present Congress.

During a thunder storm a number of rebel prisoners confined at Camp Morton, Indianapolis, attemped to escape; fire were killed and a number severely wounded, some of whom have since died. Several were recaptured. It is not known how many escaped. Scouts are on their track.

The Petersburg Express, of July 11th, reports the shelling of Hamilton, N. C., by the Federal gunboats. It also announces the death of Major Austin E. Smith, formerly Navy Agent at San Francisco, from wounds received at the late battle before Richmond.

The latest despatches received at San Francisco is dated from Chicago, July 17, and says:

Nothing of interest has been received from McClellan's army for some days. Correspondents agree that the officers and men are enthusiastic and eager to meet the enemy. There are no signs of demoralization or dissatisfaction, and an order to move on Richmond at any moment would be hailed with enthusiasm. When they do march, it is supposed they will take the line of the James River, so that the aid of the gunboats may be secured. Reinforcements are constantly arriving; during two days of last week, 10,000 men arrived in camp.

This Bank has been formed for the purpose of affording additional and much required banking facilities to the Colonies of British Columbia and Vancouver's Island, where, at present, the existing Banking accommodation is quite unequal to meet the increasing requirements of these Colonies.

Her Majesty's Government has recognized the necessity for the Bank, by consenting to the grant of a Royal Charter of Incorporation, which has received the approval of the Law Officers of the Crown.

A new and very productive gold-field has been opened in Cariboo, a district in British Columbia between Fraser River and the Rocky Mountains. The field is of vast extent, the gold lies near the surface, and is worth £3 17s. per ounce.

The estimated yield for 1861 of the gold mines of British Columbia was as follows:

Five thousand miners gross yield 6,791,409 dollars, or about £1,260,000 sterling.

This estimate does not include native Indians, who are commencing to dig, and who will eventually increase the yield.

By the latest accounts from British Columbia, great complaints were made by the miners that they could not sell their gold.

Other material resources of these Colonies are being rapidly developed with increase of population. Silver, Copper-ore and Coal have been found in several localities, and are being worked. The seas and rivers abound with fish, and the timber of both Colonies cannot be surpassed for naval and other purposes. The salubrity of the climate and its suitability to the European constitution; the fitness of the soil for agricultural purposes; the immense mineral wealth of both Colonies, and the existence of English laws, are strong inducements to rapid and extensive emigration, and are also powerful reasons for establishing a Bank with large capital, especially as the only existing Banking accommodation is so inadequate to meet the exigencies of the Colonies.

The Head Office of the Bank will be in London, and its Chief Branch in Victoria, Vancouver's Island, that being the seat of Government and the greatest Commercial Mart of both Colonies; and the Directors purpose opening Branches in other suitable places as the two Colonies progress in their development.

The Bank will issue Notes, Discount Bills, receive Deposits, conduct Exchange operations with this country, Canada, China, India, Australia, Japan, and the European States generally, and execute all other legitimate Banking business; the Notes will doubtless obtain a wide circulation and prove a source of great profit. Neither of the Colonies are subject to a legal rate of interest, therefore Money is perfectly free for trading purposes; the existing rates range from 1½ to 3 per cent. per month.

With so extensive a field already open for Banking operations, the Bank cannot fail to realize returns that will at least bear comparison with those of the following London and Colonial Banks:

English News.

We have English news from the 1st to the 7th of June. The *Weekly Despatch* is horrified at the turn which things are taking in the United States. "The eye will not turn away" it says, "from the existing and terrible scene which is exhibited in the American civil war. The great desolations and miseries of mankind compel us, with a providential instinct, to think first of them. There is nothing that one would choose to dwell upon in this topic, were there any choice about it." Mr. Bright, in a recent speech at Birmingham, lays the entire blame to the institution of slavery, which ought to have been abolished fifty or seventy years ago. The *Despatch* acknowledges the truth of this as a mere fact, but urges that the world were not then convinced that slavery is a crime, and that in the North as well as in the South conviction is not yet established. Mr. Cobden has deplored the war in the House with reference to the prevailing and increasing distress in Lancashire. "We have now" he urges, "a crisis to contend with which affects the various interests of the nation. It affects the industry which, more than any thing else, carried us through the great war with France, and which is the great source of our prosperity. Depend upon it, if the cotton trade falls to the ground, everything else falls with it." This is a new idea, and the House laughs. Mr. Cobden has lived among cotton all his life, owes his reputation in a great measure to cotton, so it is no wonder that he exaggerates matters a little. The fact of the matter is, that no one dares expend much capital in growing cotton for fear that the United States, on the conclusion of the civil war, should again supply the world. But why this fear? "Subscribe the capital," says the *Despatch*, "and write it off as a bad debt."

The International Exhibition was not affected by Derby day, that national holiday in England, whose events cause such untold heaps of gold to change hands throughout those dominions on which the sun never sets. Mr. Disraeli's advice to the faithful Commons on the great eve was to go home and prepare for the great festival on the morrow, and duly sympathise with him if "their own favorite" bolted. The race was a splendid one, and the favorite did not win, for Caractacus, nominally at 40 to 1, by a length. The time was the same as Blink Bonny's year, 2 minutes 45 seconds. "The hoisting of the huge 17," says "*The Illustrated London News*," was the signal for something like a sensation; and seldom has the ring had a finer turn, or felt more delighted at the success of one of their own body. They little knew that another "sensation scene" was going on in the weighing-house, and that it was only by bringing the bridle that the weight of Parsons (the boy who looks after the colt) could be made up. Mr. Shewin, the owner of Caractacus, was originally a veterinary surgeon at Rugby, and is well known in the Ring as a book-maker. The adroitness of Lord Palmerston saved on Derby eve a ministerial crisis. Lord Palmerston's amendment on a motion of Mr. Stansfield in favor of a reduction of expenditure was thus carried by a vote of 367 to 65. The event rested on the withdrawal of an amendment by Mr. Walpole, and as Mr. D'Israeli remarked, "the favorite bolted." Had ministers been beaten they would have appealed to the country, and the Opposition were in no humor for a general election. If the ministry had been defeated, it would have been owing to a coalition on the part of Conservatives and Radical Reformers. It is impossible to suppose that Mr. Stansfield when he started the subject of economy was in collusion with the Derbyites, but he gave them a great opportunity, and was supported naturally by the Manchester school. Lord Palmerston wisely treated the measure as a vote of want of confidence, and gained the day. This acceptance of the Premier's amendment was a test of confidence, and on Mr. Walpole withdrawing his amendment, he had nothing to do but walk over the course.

Eight hundred British non-comformists have emigrated to the new colony of Albertland, in New Zealand. The passage of every emigrant to this colony is paid, and not only this, but every emigrant receives 40 acres of land. The emigrants were attended to the London Docks by their friends, and the company collected amounted to 15,000 persons.

Only such persons were selected in the case quoted as possessed a certain amount of capital, or were proficient in some valuable mechanical avocation, calculated to prove profitable to a new colony. As a rule colonies rejoicing in a particular creed, whether an ecclesiastical organization or not, have not proved very successful. Albertland we hope will prove an exception to the general rule.

European Intelligence.

European dates to July 3d have reached New York.

A leader of the London *Times* on American affairs says that four main armies have advanced into Confederate territory, and half a dozen expeditions have fastened themselves on the coast, yet the South is unconquered. It is demonstrated that the Federals can only effect their purpose by gigantic expenditure far more lavish than that of the past 12 months. Referring to the theory that government derives powers from the consent of the governed, the *Times* says the North now talks of conquest, confiscation and military colonies with all the readiness of an Austrian commandant; but unless the North can see that the only policy which is agreeable to wisdom and justice, is to let the South go peaceably, it will bring untold evils upon itself and the European people.

It was expected that an immediate amnesty will be declared for persons implicated in the last insurrection in Greece.

The New York correspondent of the London *Times* further points out the difficulties of the present position of the Union forces before Richmond. He contends that the capture of that city will make no difference, but will merely transfer the war further to the South. He says that the truth is that peaceful separation is the only solution of difficulties.

The *Army and Navy Gazette* [London] thinks that a battle before Richmond will determine the fate of the campaign in Virginia, but will not stop the war. In the meantime, there is no chance for intervention or officious good offers.

It is stated that the military force in Canada will soon be reduced to what it was before the Trent affair.

Contrary statements are in circulation as to the French policy in Mexico. There are various rumors of a possible diplomatic arrangement.

Admiral Graviere embarked on the 3d of July for Mexico.

The recognition of the kingdom of Italy by Russia has been telegraphed to Turin.

The *Daily News* editorially denounces the sarcasms and mischievous malignity of the *Times* for its pharisaical and ill-timed allusions to America in this her hour of trouble.

The *Morning Star* also denounces the *Times* for its attack on American sensibilities on the most sacred of all days to the American people; and hopes that Americans will treat the insolence of the un-English writer with disdain. It also says that the writer is not more an enemy to their country than a disgrace to his own.

The *Morning Herald* urges that the prosecution of the war in America and the celebration of the 4th of July constitute as glaring a case as was ever alleged against any civilized nation; and the mere reading of the Declaration of Independence should suffice to condemn the invasion of the Confederate States as utterly inexcusable in principle and erroneous in policy.

The *Epocha*, of Madrid, says that the Spanish Government has received most satisfactory communications from Washington, as to the favorable effect produced upon the Mexican States by the disinterested policy which Spain has adopted towards Mexico. At present calculations, the Cabinets of Madrid and Washington are most cordial.

Lord Palmerston, in Parliament, reiterated his declaration against the feasability of mediation in American affairs at present. He contends that what is wanted is, that each party be brought to apprehend its real interest. When that is seen, nothing will prevent a conclusive peace; but every word spoken in high places, tending to foreign intervention, delays its consummation.

The Paris correspondent of the *Times* says that dissatisfaction is expressed. Letters from Mexico contain the same feeling. The French Commandant's official report of the Guadalupe affairs, admits his defeat, owing to illusions and false information.

THE BRITISH COLONIST

Tuesday Morning, July 28, 1862.

Later from the Mines.

Intelligence from all the Creeks.

The News Better than Ever.

The steamer Caledonia arrived from Port Douglas this morning with 54 passengers and $20,000 in treasure. A large Cariboo letter express was received here, and the news is of the most encouraging character.

Mr. Frank Laumiester, from Lightning Creek, on the 13th inst., came passenger by this steamer. He says that there are from 1500 to 1800 men there. Only one company had got to work add they took out 58 pounds and 7 ounces (or over $11,000) for one week's work. This was considered poor pay and the company expected to run the sluices night and day shortly. Mr. Laumiester saw gold from Major Downie's claim on Williams Creek. The pay dirt is found in blue clay. John McDonald and his partner, Morris, from a claim just below the Major's, took out 61 ounces in a prospect pan. Mr. McDonald sent word to Mr. Kane, the blacksmith on Yates street, of this town, to pitch his tools out of doors immediately and come right away up. Mr. Kane will go.

On Grouse Creek and Lowhee good diggings are found. On Last Chance and Anderson Creeks, diggings have been struck which pay from 4 to 5 ounces a hand per day. Nelson Creek has, so far, proved a failure. Antler Creek is yielding richly to most of the companies that have got to work. The evening before Mr. Laumiester left Lightning, word came over from Jack of Clubs Creek that the lead had been struck, and a rush immediately commenced from Lightning, some 200 men starting immediately. The road to Jack of Clubs is described as very rough. A new creek, called by some Sugar, and by others, Ross Creek, has been struck 20 miles northeast of Lightning, and $25 to $30 diggings are reported, after superficial examinations. Mr. Laumeister sent four men to work there. The new trail by Lightning Creek is well spoken of. Mr. Laumeister pronounces the country the richest he has ever visited. He saw plenty of broken men, but believes that the rush for below is now over.

Provisions on Antler were scarce,—flour selling at $1.25 per pound; but large quantities were met on the way. At the Forks of Quesnelle, flour was worth from 60 to 65 cts. per pound; and at the mouth of Quesnelle, 65 to 70 cents; other articles in proportion.

A letter received from Mr. N. Moore, under date of 8th inst., says that all felt in poor spirits. (Mr. Moore owns with Major Downie in a hill claim on Williams Creek.) His company had then worked 44 days and had only taken out $30. The company above them, Mr. Moore said, struck the lead on that day, and claims that were sold the day before for $1000 sold the next for 15,000. On July 10, Mr. Moore opens his letter to say that "we struck the gold lead at noon to-day and this afternoon have taken out 15 and 3-16th ounces of dust." A gentleman who came passenger on the Caledonia informs us that he saw the dust from Moore's claim weighed and corroborates his statement. He adds that he saw dirt taken from the same shaft in which the nuggets were plainly visible. There is no doubt entertained but Major Downie, Mr. Moore, and many others, have made their piles. Great excitement exists on the creek, and all the hill claims have been taken up. Men who were reduced to penury a few days before the striking of these hill-diggings, now consider themselves independently rich. The diggings are supposed to be in the old bed of the creek.

It is rumored that Bill Baugh and Capt. John Thain, both well known residents of Victoria, have struck a new creek from which they obtained a prospect of $30 to the pan. They call it Fountain Creek.

Willow Creek and another (name un known) emptying into Bear River, are said to pan out richly. The precise amount of the prospects obtained we did not learn.

The mines are just opened and they are taking out gold by the pound.

DEATH OF A PROMINENT CITIZEN.—Yesterday's steamer brought the remains of John D. Carroll, late a prominent citizen of Victoria, who died at San Francisco, California, of consumption. Mr. Carroll had been ill for some months, and left here for the Bay City about eight weeks ago, in the hopes that a change of climate would recuperate his shattered health. His death took place at the St. Mary's Hospital on the 14th inst., and high mass was said for the repose of his soul at the Cathedral on the 16th. Mr. Carroll leaves a young wife and two children. It was Mr. Carroll's dying wish that his remains should be brought to Victoria and interred by the Fire Department at the side of his first wife and two children who lie in the Church Reserve Cemetery. Deceased was an active member of the Tiger Engine Company, and was one of the Trustees of the Charitable Fund. The funeral will take place to-morrow.

AN ARMED ESCORT.—It having been hinted that a gang of bad characters had banded together to waylay and rob Wells, Fargo & Co.'s treasure-wagon, while on its way to the Pacific, an armed escort of six men, armed to the teeth, last evening accompanied the vehicle to Esquimalt. No suspicious characters were observed on the road; if there were any about they remained hid among the bushes. There are no doubt, men here bad enough to commit any crime, and too great precaution cannot be taken to guard against their depredations

☞ Thirty-two prisoners are in jail here.

NO SALE.—The steamer Caledonia was not sold yesterday. The highest *bona fide* bid was $5100, when she was knocked down to her owners at $5200.

AT HALF-MAST—The flags of the fire apparatus, in respect to the memory of the late John D. Carroll. The Tiger engine house is also appropriately drapped in black.

ARRIVAL.—The bark Adelaide Cooper, Dingley, 20 days from San Francisco, arrived yesterday. She brings an assorted cargo, and is consigned to Pickett & Co.

FOR THE RIVER.—The steamers Gov. Douglas and Otter left yesterday afternoon with good freights and a few passengers for New Westminster.

AUCTIONS.—Mr. Everett will hold a sale of general articles at 11 o'clock this morning.....Mr. McCrea, at noon, will sell the well-kept furniture in the house on Blanchard street, between Fort and View.

TREASURE.—Wells, Fargo & Co. shipped $50,000, in dust last night, and from the other banking establishments and in private hands about as much more went down. From Salmon River there was $67,000 in dust on board the Pacific.

THE PACIFIC.—This steamer brought sixty-five passengers yesterday and a light freight. She left at 8 o'clock last evening for San Francisco direct, with about 800 passengers aboard. The steamer was crowded to an extent which rendered walking on her decks an impossibility. About 400 of the passengers were Caribooites.

NOT YET CAUGHT.—The last seen of Superintendent of Police Smith, he was in hot pursuit, over the Harrison-Lillooet trail, of Henry G. Owens, tho defaulting clerk ofe the Victoria Police Court. Owens had two or three days the start of Smith, and no doubt succeeded in reaching Lillooet in advance of his pursuer.

ANOTHER RIVAL FOR VICTORIA.—The U. S. Congress has just passed a bill removing the custom-house on Puget Sound from Port Townsend to Cherbourg, *alias* Port Angelos, *alias* New Dungeness, which is situated on th Straits, nearly opposite Victoria. It is expected that a large town will grow up there immediately, and that the American ocean mail steamers will touch there on each trip before reaching Victoria. The town site has been reserved by Collector Smith for the government.

THE CHARTERED BANK.—James D. Walker, Esq., Manager of the Chartered Bank, arrived here yesterday, and will open an office as soon as suitable premises can be obtained. The bank is incorporated by Royal Charter, and, we learn, will be conducted on a sound English basis, which will be sufficient to insure success. A liberal system of discounts will be at once established, and advances made on bills of lading. The cash capital of the bank is $1,250,000, in 12,500 shares of $100 each.

ARRIVAL OF THE "DEVASTATION."—Her Majesty's paddle-wheel steamer Devastation arrived at Esquimalt on Sunday evening, from the Mexican coast. The Devastation left Acapulco on the 2d inst., and touched at Mazatlan on the way up. The French fleet was blockading the latter port. The follows is a list of officers: Acting Commander, C. A. Heysham; Lieutenants.—N. C. Singleton, B. Shattock; Master, P. O. Simpson; Surgeon, C. Sprout; H. J. W. English, Paymaster; J. L. Thurder, Chief Engineer; W. Carter, Assistant Paymaster; C. J. Jordan, Engineer; R. Wallace, Assistant Engineer. (1st class.)

Mexican News.

NEW YORK, July 11.—The steamer Columbia, from Havana on the 7th, has arrived.

Vera Cruz dates to the 2d of July, and the city of Mexico to the 28th of June, state that Gen. Ortega with 7000 men had joined Zaragosa. The Mexicans on the 16th occupied the hill commanding Orizaba, where the French were encamped, and on the same night surprised and routed them.

On the 25th the Mexicans commenced an attack on the French without any result.

5000 guerrillas are between Tegiera and Vera Cruz. The gates of the latter city are closed, and no one dares go out. The dead, of whom there are many from the yellow fever, are buried in the city.

The French trains were attacked on the 30th and 20 wagons of ammunition and flour destroyed. 20 of the escort were killed and the rest captured. Only 6 wagons of provisions had reached Orizaba in some time. The French troops were actually starving.

A French courier has been captured, and his despatches published in the city of Mexico.

NEW YORK, July 12.—An Havana letter says that Juarez has appointed Comonfort the Commander-in-Chief of the Mexican army.

CHINA.—Dates are to the 16th May. The Hongkong *Free Press* complains of interference by the English and French troops with the Taiping rebels before Shanghai, and says that the matter now wears a very serious aspect. It seems that the rebels stipulated that they would not attack the city, but the Allies had made the place a harbor for imperial refugees and the Taipings contended that they were justified in besieging the place. It was anticipated that English commerce would suffer in consequence of the intervention. However, the Europeans cleared the neighborhood of Shanghai of the rebels, and afterwards took an old rebel stronghold called Kahding, 25 miles distant. It further appears to be the intention of the British to act henceforward with the Imperialists against the insurgents.

The *Press* says that the object of the Japanese embassy in visiting Europe was to effect a postponement of the treaty rights whereby several ports should have been opened to trade on the first of January last. The Russians have been exercising an extended authority in the northern part of Japan, and the British require as a consideration for the postponement of the treaty equal privileges with the Russians. A protest had been sent to London by the British merchants.

A Mr. Winchester is the successor *pro tempore* of Mr. Alcock as English Minister to Japan.

The Coast Route.

VICTORIA, V. I., July 25, 1862.

EDITOR BRITISH COLONIST,—With your kind permission we would like to make one or two remarks in your paper on the Coast Route from the Bentinck Arm to the Fraser, over which we passed last month, on our way to the Cariboo Mines. We desire more particularly to do so after reading several statements, which have recently appeared, calculated to mislead the public about this route.

We left here on the 12th of May, on the Victoria Packet, with Mr. Pearson, and arrived at the North Bentinck Arm on the 27th of the same month. We remained four days at the Arm, and then started to go through to the Fraser. After leaving the side we found the country very level all the way, indeed no more level country could be desired for a road; the bottom is gravelly, and exceedingly well adapted for the construction of a good trail, or wagon road; the trail, as it is now, is passable for animals.

Fallen timber occurs at intervals, but putting the whole of it together, we do not believe the extent of it would exceed five miles, and its removal presents no difficulties.

As to the swamps, taking the entire length of the route, as we travelled, we do not think that more than a mile-and-a-half would have to be corduroyed, and the greater portion of this might be avoided altogether.

We were informed that Robt. McLeod took 4 or 5 horses through, and not one of them got mired once, and he had only to "brush" one place over.

We had not to travel at any time more than 10 miles without finding abundance of feed for animals.

We returned to Victoria through the interior, by what is called the Central Trail, and found the road over which we had to pass far more hilly and objectionable than the trail from the Bentinck Arm, and we have no hesitation in saying that when the Coast Route is completed it will offer very great advantages over all others by Fraser River, and, in fact, will become the route into the northern mines.

We have only to state further that we have not the slightest self-interest in asking you to publish the above few remarks, as we intend to leave for California by the next steamer, without any certainty of returning.

With best wishes for the success of the miner in British Columbia, and of the country generally, we remain, sirs, yours truly;

A. E. Anderson, John Calbert, Jas. I. Sutherland, Jas. B. Moulin.

AUSTRALIA.—Sir Dominic Daly, the new Governor of South Australia, has signalized his entrance into his office by proposing that all the Australian colonies should join in the adoption of a common tariff. This, however, is an old idea. There was a "strike" among the colliers at Newcastle, which promised to be soon settled by the coal-owners acceding to the demand of miners.

DIED.

At Esquimalt, July 27th, Mr. John Criddle, aged 41 years.

Friends and acquaintances are respectfully invited to attend his funeral, from his late residence at Esquimalt, this day, at 12 o'clock, or at Christ Church, Victoria, at 1 P. M.

DR. HOSTETTER'S STOMACH BITEERS, It renovates, purifies the system, and aids the stomach in the performance of its functions. It is a sovereign specific for imparting strength, vigor and tone to the system, and possessing the curative powers for all diseases arising from a disordered stomach. In the most severe cases of cramps, diarhœa and weakness in the stomach, the "Bitters" have been rigidly tested, and always with the greatest success.—Sold by all druggists and dealers everywhere.

BRONCHIAL AFFECTIONS.—A clergyman writing from Morristown, Ohio, speaking of the beneficial effects resulting from the use of "Brown's Bronchial Troches," says: "Last spring I feared my lungs were becoming dangerously involved, and until I used your Troches could not preach a sermon of ordinary length without hoarseness; but now (with the assistance of the Troches) I have in the past five weeks preached some forty sermons."

HOLLOWAY'S PILLS are undeniably the finest Medicine in the world for Biliousness and Indigestion. In all cases of deranged stomach, determination of blood to the head, bile, sick headache, liver and stomach complaints, there is no medicine known that will give such immediate relief as these renowned Pills; young and old, rich or poor, patronise them, and so many cures are effected by their use, that their praise is sounded from the temperate climate to the frigid zone; in truth, persons who travel consider them a necessary requisite. During the overland journey to India, the blood becomes overheated, the liver torpid, the skin covered with prickly heat, and the whole system languid and exhausted. Nothing so soon gives relief as Holloway's Pills.

☞ COUGHS.—The great and sudden changes of our climate are fruitful sources of *Pulmonary and Bronchial affections*. Experience having proved that simple remedies often act speedily and certainly when taken in the early stage of the disease, recourse should at once be had to "*Brown's Bronchial Troches*," or Lozenges, let the Cough or Irritation of the throat be ever so slight, as by this precaution a more serious attack may be effectually warded off.

DR. J. COLLIS BROWNE'S

Chlorodyne.

CHOLERA, DYSENTERY, DIARRHŒA, CRAMP, AGUE, FEVER, RHEUMATISM, CONSUMPTION, ASTHMA, COUGH, &c.

ALL PAIN, VOMITING AND DISTRESS ceases in a few minutes after taking a dose of that wonderful REMEDATIVE ANODYNE and ANTISPASMODIC remedy discovered by Dr J. Collis Browne, M.R.C.S.L. (ex-Army Med. Staff) the recipe of which was confided solely to J. T. Davenport, 33 Great Russell street, Bloomsbury-square, London (Pharmaceutical Chemist). The medical testimony of civil, hospital, military and naval practitioners pronounces it INVALUABLE. It relieves pain of any kind, soothes the restlessness of fever, and imparts the most refreshing sleep, without producing or leaving any of the unpleasant effects of opium.

As a proof of its efficacy, a few extracts from numerous Testimonials by Physicians and Surgeons are given:

From W. Vesalius Pettigrew, M D., Hon. F.R.C.S., England, formerly Lecturer upon Anatomy and Physiology at St. George's School of Medicine: "I have used it in Consumption, Asthma, Diarrhœa and other diseases, and am most perfectly satisfied with the results."

Dr. Gibbon, Army Medical Staff, Calcutta: "Two doses completely cured me of Diarrhœa."

From C. V Ridout. Esq., Surgeon, Egham: "As an astringent in severe Diarrhœa and an antispasmodic in Colic and Cramps in the Abdomen, the relief is instantaneous."

Extracts from the General Board of Health, London, as to its efficacy in Cholera.

1st Stage of Premonitory—In this stage the remedy acts as a charm one dose generally sufficient.

2nd Stage, or that of Vomiting and Purging—In this stage the remedy possesses great power, more than any other we are acquainted with, two or three doses being sufficient to check it.

3rd Stage, or Collapse—In all cases restoring the pulse. So strongly are we convinced of the immense value of this remedy, that we cannot too forcibly urge the necessity of using it in all cases.

From A. Montgomery, Esq., late Inspector of Hospitals, Bombay: "Chlorodyne is a most valuable remedy in Neuralgia, Asthma and Dysentery." To it I fairly owe my restoration to health after eighteen months' severe suffering, and when all other medicines had failed."

CAUTION.—In consequence of the extraordinary efficacy of this remedy, several unprincipled parties have been induced to vend imitations. Never be tempted to buy Chlorodyne, except in sealed bottles, having the Government stamp, with the words "Dr. J. Collis Browne's Chlorodyne" engraved thereon. A sheet full of medical testimonials accompanies each bottle. Sole manufacturer, J. T. DAVENPORT, 33 Great Russell street, Bloomsbury, London. Sold in bottles, 2s 9d and 4s 6d. ju24 lyw

Dr Guysott's Improved Extract of

Yellow-Dock and Sarsaparilla.

THIS EXTRACT OF YELLOW-DOCK AND SARSAPARILLA is a positive, speedy and permanent cure for all diseases incident to females.

Its mild alterative properties render it peculiarly applicable to the slender and delicate constitution of the female. It is unrivalled in its effect upon such diseases as Incipient Consumption, Barrenness, Leucorrhea or Whites, Irregular Menstruation, Incontinence of Urine, and General Prostration of the System.

It immediately counteracts that distressing Nervousness and Lassitude so common to the female frame and imparts an energy and buoyancy as surprising as they are grateful. We have evidence on file which induces us strongly to recommend this medicine to married people who have not been blessed with offspring.

The Shaker prepared "Yellow-Dock" and the Red "Honduras Sarsaparilla" are the invaluable remedial agents from which Dr. Guysott's Improved Extract of Yellow-Dock and Sarsaparilla is formed, and the Laboratory of Dr. Guysott has given us the virtues of the roots in their perfection. His preparation contains all the restorative properties of the roots combined and concentrated to their utmost strength and efficacy.

Experiments were made in the manufacture of this medicine until it was found that it could not be farther improved.

Accordingly we find it resorted to almost universally in cases of Hepatic, Scorbutic and Cutaneous complaints for general prostration of all the vital powers and all those tormenting diseases of the skin so trying to the patience and so injurious to the health.

Wistar's Balsam of Wild Cherry,

The Best Remedy ever known to Man,

For Coughs, Colds, Asthma, Croup, Bronchitis, Influenza, Bleeding of the Lungs, Difficult Breathing, Liver Affections, Pain or Weakness of the Breast or Side, First Stages of Consumption, &c., &c.

In short, this Balsam is peculiarly adapted to every disease of the Lungs and Liver, which is produced by our ever-varying climate.

Influenza and Consumption.

It is indeed a melancholy truth that thousands fall victims to consumption every year from no other cause than neglected colds; yet we find hundreds, nay thousands, who treat such complaints with the greatest indifference and let them run on for weeks, and even months, without thinking of the danger. At first you have what you consider a slight cough or cold; you allow business, pleasure or carelessness to prevent you from giving it any attention; it then settles upon your breast, you become hoarse, have pains in the sides or chest, expectorate large quantities of matter, perhaps mixed with blood; a difficulty of breathing ensues, and then you find your own foolish neglect has brought on this complaint. If, then, you value your life or health, be warned in time and don't trifle with your cold, but immediately procure a bottle or two of that famous remedy, Dr. WISTAR'S BALSAM OF WILD CHERRY, which is well known to be the most speedy cure ever known, as thousands will testify whose lives have been saved by it.

For Influenza it is the very best medicine in the world.

Be not deceived, remember that it is

Dr. Wistar's Balsam of Wild Cherry

that performs the most wonderful cures, and it is the emedy that will afford you immediate relief.

Notice to the Public.

SAINSEVAIN'S WINE BITTERS; OR California Vermouth.—These Bitters are obtaining a wide-spread celebrity in all parts of the State. It is sufficient evidence of their great merit to observe the large quantities shipped by our principal Wine Merchants to every part of the country.

Sainsevain, however, like all other manufacturers of new and valuable articles, has to contend with unscrupulous parties, who are introducing a spurious mixture purporting to be his Wine Bitters, which noxious compounds are put up in the same style of bottles, labels, etc., so as to pass for the Sainsevain brand. We call attention to this fact so that our citizens may be upon their guard, and that when they ask for Sainsevain's Bitters, see that they get them. As pure Wine is destined to drive from use all alcoholic decoctions, so these Bitters will soon take the place of the adulterated preparations which now flood our market. Those desiring a pure and agreeable tonic should try Sainsevain's Wine Bitters or California Vermouth.

We have appointed W. H. OLIVER, of Victoria, V. I., to be our Sole Agent for the British Possessions.

CAUTION TO THE PUBLIC.

Fraudulent Imitation of

Hostetter's

STOMACH BITTERS.

☞ **We warn the Public against a gang** of scoundrels who are engaged in counterfeiting HOSTETTER'S CELEBRATED STOMACH BITTERS. These villains, who subsist by pirating, have exhibited a cunning equal to their rascality by selecting this most popular STOMACH BITTERS. Dealers from whom better things might have been expected have in some instances connived at the imposition for the purpose of sharing in the plunder.

On the principle that the receiver is as culpable as the thief, and that the passer of spurious money is as criminal as the forger, the makers and venders of COUNTERFEIT HOSTETTER'S BITTERS stand on the same MORAL level. The great reputation acquired by the BITTERS as a cure for Dyspepsia, Liver Complaint, and all debilitating diseases of the Stomach and Bowels, has tempted a host of sharks, who hope to profit by their celebrity.

The Great Domestic Revolution.

HARPER TWELVETREES' SOAP POWDER for Washing without Rubbing has created an entire change and thoroughly revolution in the management of the "Family Wash;" and there are no reasons why the old, slovenly and disgusting process should be retained—a process so unnecessary, unscientific, and barbarous as to be considered a great national disgrace! Harper Twelvetrees' Soap Powder saves time, trouble, money, firing, soap, "tongue and temper," and entirely abolishes the "female slavery" of the tub, and the present domestic happiness destroying practice of washing. It contains nothing injurious, but is as safe for the fabric and skin as the best soap! Only boil the clothes 20 minutes and hang them up to dry. No RUBBING is required, however dirty the clothes! A Penny Packet is equal to Two Pounds of Soap!!

Every Packet bears the signature of the sole Manufacturer, HARPER TWELVETREE, "The Works," Bromley-by-Bow, London, E., the largest Manufacturer of Washing Powder in the world. Sold by all Grocers and Druggists.

Agents, Messrs. JANION & GREEN,

The Science of Ironing.

ASK FOR BRIGGS' AUSTRALIAN SATIN GLAZE STARCH where you purchase Harper Twelvetrees' Soap Powder. One pound is equal to nearly Two Pounds of any other. It is the very best Starch for Gentlemen's Collars and Cravats and the most economical for large Washing Establishments, Manufactures, Bleachers, Hot-Pressers, and Finishers; and as the iron cannot possibly stick, every description of Embroidery, Lace, and Muslins can be Ironed without fear of tearing. Used exclusively by her Majesty's Lace Dresser, by the Laundress for Buckingham Palace, and by thousands of Families throughout the Kingdom. Sole Manufacturer—HARPER TWELVETREES, Bromley-by-Bow, London, E.

[Lace Dresser by Appointment to the Queen.]

GENTLEMEN:—I have used your Starch for a considerable time, and have much pleasure in saying that is the best Starch I have ever used. It surpasses any of the Foreign Manufacturers for giving a beautiful finish to the most delicate fabrics. For fine laces, &c., it is invaluable.

I am, Gentlemen, yours respectfully,

Worcestershire Sauce.

PRONOUNCED BY CONNOISSEURS TO BE THE **Only Good Sauce,** and applicable to EVERY VARIETY OF DISH.

EXTRACT of a LETTER from a MEDICAL GENTLEMAN at Madras, To his Brother at WORCESTER, May, 1851

"Tell LEA & PERRINS that their Sauce is highly esteemed in India, and is, in my opinion, the most palatable, as well as the most wholesome Sauce that is made."

EXTENSIVE FRAUDS.

L. & P. having discovered that several of the Foreign Markets have been supplied with SPURIOUS IMITATIONS of the "WORCESTERSHIRE SAUCE," the labels of which closely resemble those of the genuine Sauce, and in one or more instances with the names of L. & P. FORGED, they have deemed it their duty to caution the public, and to request purchasers to see that the names of LEA & PERRINS are upon the Wrapper, Lable, Stopper and Bottle.

L. & P. further give notice that they will proceed against any one who may infringe upon their right, either by manufacturing or vending such imitations, and have instructed their correspondents in the various parts of the world to advise them of such infringements.

MEDICAL.

HEALTH FOR A SHILLING!

Holloway's Pills.

Headaches, Bile, Loss of Appetite, and Lowness of Spirits.

These Pills require no interruption of business or pleasure; they act mildly on the bowels, strengthen the stomach, and promote a healthy action of the liver, whereby they purify the blood, cleanse the skin, brace the nerves, and invigorate the while system. They effect a truly wonderful change in debilitated constitutions, as they create a healthy appetite, correct indigestion, remove bile, giddiness, headaches, and palpitation of the heart.

Weakness and Debility.

In cases of debility, languor, and nervousness generated by excess of any kind, whether mental or physical, the effect of these Pills is in the highest degree bracing, renovating and restorative. They drive from the system the morbid cause of disease; re-establish the digestion, regulate all the secretions, brace the nervous system, raise the patient's spirits, and bring back the frame to its pristine health and vigor. They increase the appetite, while they secure perfect digestion to all ordinary food, and release the invalid from restraint in diet.

A Word to Females.

There are two periods, especially in Woman's life, which require for safe passage, judgment and attention. Irregularity is apt at those critical times to take place, and to lay the foundation of future disease. These Pills, safe in action, and effective in result, should be taken at certain periods, and the issue will be marvellous both to the young and the middle aged. They prevent nervousness, hysterics, dropsy, and a host of similar serious disorders, by expelling all impurities from the system, therefore none should ever be without them.

Coughs, Colds, and Asthmas,

No medicine will cure colds so quickly as these Pills, when of long duration or settled on the chest, or even though it has assumed the first stage of asthma, they may be relied on as a certain and never failing cure, particularly if the Ointment be well rubbed into the chest and throat night and morning. If this catch the eye of any asthmatical person so bad as even not able to lie down in bed, let him well use these two preparations for only a week, and the result will be marvellous.

Blood to the Head—Diseases of the Heart.

More persons die suddenly from diseases of the heart than the unlearned suppose: in such complaints, the bowels should always be kept well open, as also where there is a tendency of blood to the head. These celebrated Pills purify the blood in an extraordinary manner, and should be taken in copious doses when such symptoms occur, taking care not to overload the stomach; by this means all danger is quickly averted.

Children's Complaints.

It is not generally known, but such is the fact, that children require medicine oftener than their parents. Three-fourths of the children die before they attain the age of eight years. Let mothers, then, be wise, and give to their children small doses of these invaluable Pills once or twice every week, in such quantity as may act gently upon the system twice in the twenty-four hours. For infants, a Pill may be crushed and given as a powder in a little water. The gross humors that are constantly floating about in the blood of children, the forerunners of so many complaints, will thus be expelled, and the lives of thousands saved and preserved to their parents.

Holloway's Pills are the best remedy known in the world for the following diseases:

Ague	Dropsy	Inflammation	Sore Throats
Asthma	Dysentery	Jaundice	Stone and Gravel
Bilious Complaints	Erysipelas	Liver Complaints	Secondary Symptoms
Blotches on the Skin	Female Irregularities	Lumbago	Tic-Douloureux
Bowel Complaints	Fevers of all kinds	Piles	Tumours
Colics	Fits	Rheumatism	Ulcers
Constipation of Bowels	Gout	Retention of Urine	Venereal Affections
Consumption	Head-ache	Scrofula, or King's Evil	Weakness, from whatever cause

JAYNE'S EXPECTORANT.

Thirty years of experience has demonstrated beyond the shadow of a doubt, that JAYNE'S EXPECTORANT excels every other remedy for the cure of

ASTHMA,
BRONCHITIS,
CONSUMPTION,
COUGHS AND COLDS,
CROUP AND WHOOPING COUGH,
SPITTING OF BLOOD,
AND ALL PULMONARY COMPLAINTS.

While many other Remedies have been lauded and extolled, and achieved a temporary reputation, JAYNE'S EXPECTORANT has continually increased in popularity until now there is scarcely an inhabitable part of the globe where it is not used and highly appreciated. The following are a few of the many Certificates received:

Rev. VALENTINE GRAY, of the Methodist Church, writes from Centerville, Pa.:

Having experienced the beneficial effects of your Family Medicines, I would give it as my opinion that they are the very best I ever had occasion to use, and most cheerfully recommend them to the afflicted. Your EXPECTORANT especially I have found to be a sure cure for COUGHS and COLDS.

Dr. W. W. WINTER, of Milledgeville, Ill., writes:

It is with great pleasure that I can recommend your EXPECTORANT to those suffering from Bronchial Affections, having used it with the most satisfactory results.

Mr. NATHAN PENNYPACKER, of Upper Uwchland, Chester county, Pa., says:

Having been afflicted with ASTHMA and BRONCHITIS, and the treatment of several skillful physicians proving of no avail, I commenced the use of your EXPECTORANT. After taking it for about three months I found myself entirely cured.

Rev. JOHN DOWLING, D. D., Pastor of the Berean Baptist Church, N. Y., writes:

I have long known the virtues of your EXPECTORANT, and frequently tested them on myself and family, when afflicted with COUGHS or COLDS. I believe it to be one of the best remedies ever discovered for these maladies.

Mr. READING DOTY, of Twenty Mile Stand, Warren county, Ohio, says:

Recently I had an attack of ASTHMA, the most distressing of all diseases, and yesterday afternoon, after taking a short ride, I returned home almost unable to breathe. Through the persuasion of my wife I was led to try your EXPECTORANT. The first dose gave instant relief, and after the fourth dose I enjoyed a refreshing sleep, and the next morning arose in better health than for two years past.

Rev. J. J. WALSH, Missionary of the [illegible] Board at Futtegurh, Northern India, says:

Your EXPECTORANT was the means under Providence of curing a case of INCIPIENT CONSUMPTION, which had been pronounced incurable by competent medical men.

MAURICE SCHWARZ, of Concord, Wis., says:

When the WHOOPING COUGH prevailed to some extent at our place, the disease seemed to baffle our physicians. In various cases the EXPECTORANT was used, and it did not fail to cure.

JOHN NARRIMAN, Esq., of Stewartstown, N. H., writes:

Not long since, a child of mine had a very violent and distressing attack of CROUP, which must have proved fatal had not immediate relief been obtained. I commenced giving your EXPECTORANT, and within three-quarters of an hour the child had taken six teaspoonsful, breathed with perfect ease, a cure within that time having been effected.

Rev. RUFUS BABCOCK, D. D., formerly President of Waterville College, Maine, writes:

For more than a dozen years I have recommended Dr. D. JAYNE'S FAMILY MEDICINES, and especially the EXPECTORANT. I know that these medicines are highly esteemed and frequently prescribed by some of the most respectable of the regular practitioners of medicine; and I do not hesitate to commend them as a valuable addition to our *materia medica*, and a safe as well as eminently beneficial remedy for the diseased.

DAVID TURNER, of Cassville, Huntington county, Penn., writes:

My son, aged nineteen years, was confined to his bed for for three months, his disease being pronounced by the attending physician to be CONSUMPTION. Failing to obtain any relief from the treatment he had been undergoing, I procured for him JAYNE'S EXPECTORANT, and through its use he has been entirely restored to health.

Mr. JOAB HENRY, of Burlington, Bradford county, Pennsylvania, says:

For two years, my son was afflicted with a disease resembling CONSUMPTION, and during this period was unable to labor. Being finally induced to try your EXPECTORANT, he was completely cured after taking ten bottles, and he is now able to work every day.

Mr. PRESTON EWING, Laconte, Harrison county, Indiana, writes:

Being afflicted with BRONCHITIS for the space of three years, to such an extent that I was obliged to relinqu
